Guidelines for Earthshot Nominees Protect and Restore Nature Earthshot

Nominated Solutions will be those that

- 1) Make an outstanding contribution to Protect and Restore Nature (i.e. game-changing initiative),
- 2) Have a significant impact on humans and the natural world, and
- 3) Have the potential to scale or be replicated, leading to transformative global impact.

Please fill in the below fields to help us assess your proposal for nomination.

SOLUTION SUMMARY
<p>Define the problem statement (50 words)</p> <ul style="list-style-type: none"> • A brief description of the problem • Where the problem is occurring • The length of time the problem has been occurring • The size or magnitude of the problem
<p>Summarize the solution and how it contributes to Protecting and Restoring Nature (100 words)</p> <ul style="list-style-type: none"> • A brief description of the solution. • What puts the solution in a unique position to contribute to the selected Earthshot(s) compared to alternative approaches.

SOLUTION DETAILS	
1) How is it game-changing? (150 words) <ul style="list-style-type: none">a. What has been achieved in the past three years to show clear proof of conceptb. Why it changes the game to Protect and Restore Naturec. How it was achieved	
2) What positive impact does the solution have on humans and the natural world? (150 words) <ul style="list-style-type: none">a. The Solution's top three specific achievements that have benefited Protecting and Restoring Natureb. How has the Solution met SDGs 15.5, 15.2, or 15.1 as well as 2.4, 6.3, 9.4 and/or 10.2. Please specify the closest target for each achievement.	
3) What potential does the solution have to be scaled or replicated globally? (150 words) <ul style="list-style-type: none">a. A brief description of the Solution's potential to scale or be replicated with the ambition to address Protecting and Restoring Nature to repair our planetb. What a path to scale or replicate this Solution would look likec. What potential barriers or challenges to scaling exist, and what resources or solutions would be required to overcome them	
4) What would winning The Earthshot Prize enable this solution to achieve? (150 words) <ul style="list-style-type: none">a. Describe how winning The Earthshot Prize would help scale-up the Solution's impact.b. Provide examples of what next steps winning The Earthshot Prize would enable and how these steps would be implemented.	

Supplementary materials to provide support/evidence to the questions above can be submitted.
